### IAS M&R system for Containerships

European shortsea operator Containerships has adopted the EquipmentRepair system from International Asset Systems (IAS) to manage the container maintenance and repair programme for its 20,000 TEU container fleet.

Under the 3-year deal, the Containerships Group is now using the IAS web-based software and communications platform to track and control container M&R and gate in/out events across a network of more than 25 depots in Scandinavia, the Baltic, north Europe and the Mediterranean....
