

# IAS Browser Compatibility and System Requirements

Updated as of April 2016

	Browser	Platform	Comments
	Google Chrome™ Versions 10.x – 30.x	Windows / MacOS	Chrome automatically installs updates.
	Microsoft® Internet Explorer® Versions 7.0 – 10.x	Windows	IAS recommends updating Internet Explorer using the latest patches from Microsoft.
	Mozilla® Firefox® Versions 3.6 – 25.x	Windows / MacOS / Linux	Firefox automatically installs updates.

IAS supports the above browser configurations.

IAS software-as-a-service (SaaS) applications operate on any computer with an Internet connection. While it is possible to use IAS SaaS applications from a non-supported browser, you should be aware that you may encounter unexpected behavior when utilizing IAS services on a non-supported browser or mobile device for which performance and usability have not been optimized. Performance may also be affected by the bandwidth/speed of your Internet connection and by the browser you are using.

Note: For any browser configuration you must enable JavaScript and cookies.
